

TITLE 228 - DEPARTMENT OF LABOR

CHAPTER 36 - TRANSPORTED RIDES

- 001. This chapter is adopted pursuant to Neb. Rev. Stat. §48-1803.
- 002. A ride shall be placed on solid footings, be secured to prevent shifting, tipping, swaying, or erratic motion. No cement, brick, or similar type blocks shall be permitted. The provision pertinent to erratic motion or sway does not apply to a ride designed to permit flotation characteristics or flexibility. Use of shim blocks shall be kept to a minimum.
- 003. Depressions in the ground near the ride footings shall be filled and tamped and adequate means of drainage provided to prevent water from collecting and softening supporting areas in case of rain.
- 004. The area surrounding the ride shall be clear and kept free from trash and tripping hazards.
- 005. A daily inspection of the ride motion and footings shall be made.
